# The Real Food Guide

## Local & Community Based

These foods can be traced to nearby farms, ranches, boats and businesses that are locally owned and operated. Supporting small and mid-size food businesses challenges trends towards consolidation in the food industry and supports local economies.

## Fair

Individuals involved in food production work in safe and fair conditions, receive fair compensation, are ensured the right to organize and the right to a grievance process, and have equal opportunity for employment.

## Ecologically Sound

Farms, ranches, boats, and other operations involved with food production practice environmental stewardship that conserves biodiversity and ecosystem resilience and preserves natural resources, including energy, wildlife, water, air, and soil. Production practices should minimize toxic substances, direct and indirect greenhouse gas emissions, natural resource depletion, and environmental degradation.

## Humane

Animals can express natural behavior in a low-stress environment and are raised with no added hormones or non-therapeutic antibiotics.

# Green Light: Products meeting these criteria or certifications qualify as Real Food and best represent the standard

## Single-ingredient Products:

A product must meet ALL the following criteria:

- **A. Ownership:** Producer must be a privately or cooperatively owned enterprise. | Wild-caught Seafood must come from owner-operated boats
- **B. Size:**
  - Produce: Individual farms must gross $5 million/year or less
  - Meat, Poultry, Eggs, Dairy, Seafood,
  - Grocery: Company must gross $50 million/year or less
- **C. Distance:** All production, processing, and distribution facilities must be within a 250 mile radius of the institution. | This radius is extended to 500 miles for Meat

## Single-ingredient Products (Aggregated):

100% of the products must meet the criteria for Ownership, Size and Distance

## International Products:

- Ecocert Fair Trade Certified
- Fairtrade America (Fairtrade International FLO)
- Fair For Life Certified by Institute for Marketecology (IMO)
- Fair Trade Certified by Fair Trade USA
- FairWild
- Hand in Hand

## Domestic Products:

- Equitable Food Initiative (EFI)
- Food Justice Certified by Agricultural Justice Project

## Worker Driven Social Responsibility Programs:

- Fair Food Program by the Coalition of Immokalee Workers
- Milk with Dignity by Migrant Justice

## Coffee Only:

- Bird Friendly by Smithsonian

## Produce Only:

- Produce grown in a farm or garden at the institution, in which the researcher can confirm the use of organic practices

## All Products:

- ANSI/LEO-4000 the American National Standard for Sustainable Agriculture by Leonardo Academy
- Biodynamic Certified by Demeter
- FairWild
- Food Alliance Certified
- Rainforest Alliance Certified
- USDA Organic Standard and approved certifiers

## All Products:

- American Humane Certified [Free Range] (egg-layers only)
- Animal Welfare Approved/Certified AWA by A Greener World
- AWA Grassfed by A Greener World
- Biodynamic Certified by Demeter
- Certified Humane by Humane Farm Animal Care (all species except swine)
- Global Animal Partnership steps 4-5+
- Pennsylvania Certified Organic 100% Grassfed by USDA
- Rainforest Alliance Certified
**Yellow Light:** Products meeting these criteria or certifications qualify as Real Food but do not represent the *fullest* expression of the standard
